WHO WE ARE

Building on a legacy that began in 1894 in Chicago, Stromberg Carlson continues to stand for outstanding products and expressive design, combining durable construction with high technological quality. With over a century of heritage as our foundation, we design audio products that honor the past while expressing a modern, bold identity built to perform and endure.

Scan for support

A man with dark hair and a slight smile is sitting on a white couch. He is wearing a red and orange patterned short-sleeved shirt and white pants. He is holding a red handbag with a wavy, organic pattern and a gold-colored clasp. The background is a warm, golden-hour interior with a surfboard leaning against the wall and a framed picture of a sunset.

WAVELINE

Waveline captures the rhythm of nature through organic motion and vibrant, futuristic curves — turning flowing patterns into a truly cutting-edge style statement.
